

Crown Points Club

Dear Member

Please find below details of your Management Charge liability for 2024 in Pounds Sterling or Euro.

We have carefully considered the rate of Management Charge for 2024, including the needs of the individual members and the requirements of the Club as a whole.

Due to the general inflation in the past year and its continuation into 2024, the base costs of running the resort will increase by 20%. However, we are aware of the difficulty members will have in coping with such a large increase.

So, we have created a package to absorb the impact of this year's 20% increase and provide a means of members generating funds to contribute to future management charges in two parts:

- There will be a dividend for current members to recognise the support given to your Club. This will be £105 per former week and has been deducted from the management charge. The net effect of this will be to absorb the inflationary increase for 2024.
- Access to the recently launched Crown Xtras platform, which is provided by Fizz Benefits and offers discounts and benefits. This will enable you to make savings on your shopping, holidays, entertainment and more and build up a cash balance in your Crown Xtras account which when withdrawn can be used to help you pay towards all or part of the following year's Management Charge.

We suggest you watch the short movie [here](#) explaining how to gain maximum savings from the Crown Xtras scheme. You can sign up to Crown Xtras [here](#).

A full schedule of the Management Charges for 2024 is shown below.

To benefit from the Prompt Payment Rate, you need to pay in full by 31st December 2023. Payments received after 31st December but before 1st February 2024 (including monthly payments) will be charged at the Deferred Payment Rate.

If you wish to spread the cost, we offer the option to pay by Direct Debit in 12 equal monthly instalments in Sterling for members with a bank account in UK or Euro for members with a bank account in Spain. For further information please contact crownpoints@crownsresorts.com.

Payments received after 31st January 2024 will be charged at the Late Payment Rate, so we do urge you to pay before then. Details of how you can pay are below.

Crown Points Club Points Values

In 2021, the points value for all members who had an occupation right in an apartment with a lower points value than a Sapphire Collection apartment, which is a 2 bed 2 bathroom apartment in Club Marbella, was increased to that level. Please find below the revised points value for your former week(s).

Season	1	2	3	4	5	6	7	8	9
	Weeks	Weeks	Weeks	Weeks	Weeks	Weeks	Weeks	Weeks	Weeks
	1-5	6-7		20-21	22-24	25-26			
	8-9	10-11	12-19	39-40	37-38	36	27-28	29-34	35
	46-50	43-45		51-52	41-42				
Points	22,000	29,000	36,500	44,000	51,000	58,500	69,500	73,000	65,500

For example, if your former Crown Resorts' membership was in week 30 in Club Delta Mar (Season 8) and as a result of the SGM you were allocated 56,500 points in Crown Points Club, your account will be credited with an additional 16,500 points every year to give you a total of 73,000 points.

How can I use these additional points?

You may use these additional points within RCI to give you greater purchasing power thereby increasing your exchange choices of where and when you holiday with them.

These additional points will be used in accordance with RCI's membership terms. You can choose to return to Crown Resorts in the same week as you previously owned and these additional points will enable you to stay in any apartment within Club Marbella subject to availability.

All of this really enhances your membership benefits of Crown Points Club and we hope that you have great holidays in 2024 wherever you may take them.
